

# HALLOWEEN POPCORN PUMPKINS

## INGREDIENTS

- 5 cups popped popcorn
- 1 cup candy corn
- 1 cup chopped salted peanuts
- 1/2 cup butter or margarine
- 3 cups miniature marshmallows
- 4 drops red food coloring
- 3 drops yellow food coloring
- 4 sticks of licorice, cut into thirds

## ENJOY TREATS THAT ARE SPOOKY DELICIOUS

### DIRECTIONS

1. Grease a muffin pan and set aside. Place popcorn, candy corn and peanuts into a large bowl and set aside.
2. Melt the butter in a large saucepan over medium heat. Stir in marshmallows, red food coloring and yellow food coloring, adjusting color if needed to get a nice shade of orange. When the marshmallows are completely melted, pour over the popcorn and stir to evenly distribute the candy, nuts and marshmallow.
3. Use a greased spoon to fill the muffin cups. Insert a piece of licorice to act as the stem, and mold the popcorn around it. Let stand until firm, 10 to 15 minutes, and then pull the pumpkins out by their stems and admire your pumpkin patch!

## PLAN AHEAD TO STAY SAFE

Know what's below.  
Call before you dig.

Natural gas is a safe energy source and natural gas leaks are very rare. However, we've added an odor of rotten eggs to natural gas that gives it a distinctive smell to assist in the detection of natural gas leaks. If you suspect you smell gas — anywhere, anytime — call us immediately. And please:

- If you smell gas indoors, leave the building immediately and have others also exit immediately.
- Do not light a match, operate natural gas appliances, use a phone, or turn an electrical switch on or off.
- Keep everyone away from the area of the odor.
- Do not start a car. Go to a nearby phone away from the smell and call **877-427-4321**.

### NEVER TRY TO FIND A LEAK YOURSELF.

Excavation work, including digging or plowing around a home or business, is the most common cause of natural gas emergencies. Before digging around your property, state law requires you call 8-1-1, a statewide, toll-free number, to have your utility lines professionally marked. You must call at least three full business days before digging, excluding weekends and holidays so underground utility lines can be located and marked — free of charge — before you begin your project.

For more gas safety information, visit [www.atlantagaslight.com](http://www.atlantagaslight.com).

For more natural gas safety information and to take a safety survey, visit [www.atlantagaslight.com](http://www.atlantagaslight.com). If you complete the survey, you'll be entered for a chance to win a natural gas grill.

Atlanta Gas Light operates and maintains the pipelines used to deliver the natural gas you buy from your marketer.

### Consumer Rights

At GNG we appreciate your business and value you as a customer. Our goal is to deliver superior customer service, and we are always looking for ways to better serve you. To register a customer complaint, first contact GNG's Customer Care Center by mail: P.O. Box 440667, Kennesaw, GA 30160-9512; by phone at 770-850-6200 (toll-free 1-877-850-6200) for residential customers or 678-290-3600 (toll-free 1-888-427-6066) for commercial customers; by fax: 404-685-4117; by e-mail: [customer.service@onlyng.com](mailto:customer.service@onlyng.com); or online at [onlyng.com](http://onlyng.com). If we are unable to resolve your issue to your satisfaction, you also may contact the Georgia Public Service Commission at 404-656-4501 (toll-free 1-800-282-5813). Residential customers also may contact the Consumers' Utility Counsel Division of the Governor's Office of Consumer Affairs at 404-651-8600 (toll-free 1-877-427-4321). If you smell gas or have a natural gas-related emergency, please contact Atlanta Gas Light Company at 770-994-1946 or 770-907-4231 (inside metro Atlanta). Outside metro Atlanta, call 1-877-427-4321.
